

## AAHSL Research Services Committee

### Annual Report 2015

#### Committee Charge

1. Oversee and coordinate AAHSL's efforts to enhance research support services in member libraries through educational programs, workforce development, best practices and resource material
2. Undertake periodic surveys of AAHSL members to identify research support services provided by AAHSL libraries and prioritize those to be addressed by the committee
3. Provide training and development opportunities to keep AAHSL members abreast of research trends
4. When possible partner with the AAMC Group on Information Resources on research initiatives where there is mutual interest
5. Deliver a committee work plan to the AAHSL Board on a yearly basis.

The AAHSL Research Services Committee was officially launched at the end of August and has had one telephone call, with another in-person meeting scheduled to be held during the 2015 AAHSL meeting. The group is still in the early stages of work, but interest and support for training initiatives has already been expressed. The group will work to consider and address diverse needs from across the research lifecycle. The Research Services Committee welcomes input from all members. Please direct comments and questions to any of the members.
