

AAHSL Research Services Committee Charge

1. Lead AAHSL efforts to identify trends in research topics, policies, and technologies and champion efforts to keep AAHSL members abreast of these concepts.
2. Oversee and coordinate AAHSL's efforts to enhance research support services in member libraries by providing educational programs and workforce development opportunities, communicating best practices, producing and sharing resource materials, and supporting member libraries advocating new roles and opportunities in research.
3. Undertake periodic surveys of AAHSL members to identify research support services provided by AAHSL libraries and help prioritize topics to be addressed by the committee.
4. Seek a wide range of partners whenever possible to make progress on research initiatives where there is mutual interest.
